G10 Sample Admission Exam

English Language

Learning Outcome Required for Admission Exam

Questions 1 – 10: READING

Australia: A Very Large Country

On January 1st, 1901 *Australia* became an independent nation. Today more than 22 million people live in *Australia*. The country is made up of seven states and two territories. The national capital of *Australia* is *Canberra*. The largest city in *Australia*, however, is *Sydney*, with nearly 4.3 million people. It is the capital of the state of *New South Wales*. *Melbourne*, the capital of the state of *Victoria*, is the second largest city with over 3.5 million people.

There are many mountain ranges in *Australia*. The highest mountains are found in the southeast of the country and are called the *Australian Alps*. There is also a long range of mountains along the east coast called the *Great Dividing Range*.

In the east of the country, there are two rivers. The *Murray River* comes from the *Australian Alps* and the *Darling River* comes from the *Great Dividing Range*. In the center of the country, there is a large lake called Lake Eyre. As it is located in a desert, it is usually a dry salt pan and only fills up with water after a lot of rain.

There is a large island to the south of the mainland called *Tasmania* which is a state of *Australia*. The largest city on the island of *Tasmania* is called *Hobart*, which is also the state capital. It has a population of more than 200,000 people.

There are many kinds of animals that are unique to *Australia* such as the kangaroo, the koala, and the platypus, as well as many types of birds such as the Emu and the Kookaburra.
